Omkar Lahare

Full stack Developer — Python Developer
Omkar.lahare106@gmail.com | +91 9307512181 | github.com/OmkarDeveloper1
Nashik , Maharashtra

SUMMARY

Full Stack Developer in designing, developing, and maintaining web applications for clients in the finance and ecommerce sectors. expertise in web development and Python programming.
- Proficient in Front-end technologies like (HTML , CSS , JavaScript) And back-end languages (NodeJS and Smart Api's) With expertise in Web Frameworks Like (ReactJs , Django).
- Adept at database management using MySQL and PostgreSQL, MongoDB.
- Skillful creating servers and databases for functionality and designing and developing APIs
- Proven track record of optimizing web performance and improving user experience.
- Strong communicator and team player, committed to delivering high-quality solutions on time and within budget.

EDUCATION

Government College Of Engineering And Research Center.   **Pune**
Bachelor of Civil Engineering (CG-PA– 7.5)   *June 2019 – July 2023*

TECHNICAL SKILLS

Programming Languages:- HTML , CSS , JavaScript , Python

Back-end:- NodeJs , Express.Js , Postman , API , Json , Jwt , Python

Frameworks & Libraries :- ReactJs , Ajax , Bootstrap, Tailwind-CSS , J query , Pandas

Database:- SQL , PostgreSQL , Mongo Db

UI/UX :- Figma , Canava , XD

Tools:- Service-Now , Git & GitHub , Excel , Figma , Canva , Adobe illustrator Docker , Vs-code , Atom code-editor , Juypter Notebook , Ms-Office

Soft skills:- Time management , Problem solving , Adaptability , Critical thinking , Leadership , Analytical Thinking , Teamwork

EXPERIENCE

Complete Full stack Developer (Master program Course) & Python programming course   November 2023 – July 2024
Edureka E-learning platform   *Bangalore*
- Learning various Full stack technologies with Edureka (HTML,CSS , JavaScript , Reactjs , Angular , Nodejs , MongoDB , API , Devops etc)
- Build a real time industry Based projects (Apps & web's) For assignment
- Mastery in Python programming and built a amazing project
- Learning Different Databases - Mongo db , SQL , PostgreSQL
- Use Postman to Handle and Build Smart Apis use in real Time Projects

Intern – Nova nectar services Pvt.Ltd   June 2024 – July 2024
As a Full stack Developer   *Deheradun*
- Learning HTML, Css , JavaScript
- Implemented and evaluated Frontend knowledge in Work
- Presented findings at weekly research meetings
- Built my personal portfolio with industries standards

PROJECTS

PortFolio - Web Project
Front-End Project   **Click For PortFolio**
                                                                   – *HTML, CSS ,JavaScript, Bootstrap*

- Developed an end-to-end descriptive Smooth Attractive Portfolio website
- Tech use - HTML , CSS , JavaScript , Bootstrap
- For Icons and images use of smart Favicons and Built all logic of portfolio with DOM Manipulations (JavaScript)

Daily-Kart Project
Full-Stack Capstone project   *–ReactJs , Nodejs , Expressjs , Api , MongoDb , javascript*

- Seamless Use flow just Like Blinkit
- This Project is MERN stack Project with dynamic UI by Using ReactJs (SPA)
- We will use access and refresh tokens to establish secure user authentication. OTP-based email verification, and secure authentication processes With payment process - JWT Auth
- Fast and secure NoSQL(Mongodb) database has use to store data dynamically
- Postman is for Testing and Handling Api
- . **Key Feature -: Built Cloudinary Setup for products uploads (so Admin can add More products list Dynamically)**

Advanced AI Trip Planner
Full-Stack Project   *ReactJs , AI , TailWind , FireBase , Api*

- For seamless Dynamic UI i am using React with TailwindCss styling
- Build a back-end logic with FireBase and Smart Google authentication
- For handling a large amount of data dynamically google local storage is use
- Postman is use for testing a Api and handling a Api
- . **KeyFeature -: Smart Ai System is use in this project for planing the trip automaically on User Specifications**

CERTIFICATIONS

- Web developer Certification (HTML , CSS , JavaScript , Bootstrap) – **Edureka**
- Node-Js (Api , Express) Backend Certification – **Edureka**
- ReactJs and redux FrontEnd Certification – **Edureka**
- Mongo Db Certification – **Edureka**
- Devops Beginner certification (Git - Git-hub , Docker) – **Edureka**
- Adobe Illustrator certification – **Udemy**
- MySQL Certification – **Lets-Upgrade Academy**

PERSONAL & ACHIEVEMENT

- Language proficiency – **English , Marathi , Hindi**
- College event Management HEAD – (Government college of Eng and Research center, Pune)
- CESA committee member – (Government college of Eng and Research center, Pune)
